## Odyssey One finds success in outsourcing

BY JOHN-LAURENT TRONCHE

August 24, 2009

Odyssey One Source Inc. is a human resources outsourcing services firm based in Euless. The company, now almost two decades old, specializes in assuming many of the day-to-day tasks that business owners face, such as payroll, benefits, workers' compensation and insurance. By outsourcing these tasks through a partnership with a professional employer organization, or PEO, business owners can focus on what truly matters: business, according to the company's Web site.

Odyssey One Source's services include job description development, compensation plan assistance, pre-employment screening, and advice and assistance on hiring, firing and disciplinary actions, according to the company.

In 2008, Odyssey One Source boasted annual sales of more than \$440 million, a 12 percent increase over the company's 2007 total sales of more than \$392.5 million.
